rough *S. rufus* notes in
 the same tone as the

The sound starts in much
 the same tone as the
S. rufus but the sound
 is longer, & is not sustained
 being broken very soon with
 modulated notes that make
 the howlings very much more
 complex than those of the
 approaching.

Howler - Sarawati

Notes from Tuxtla Chiapas

A trapiche costs 350.— Can
make 16 arrobas sugar or 40 of panela
a day. Needs 8 mules, or horses.
Also 2 boys at half pay to work in
trapiche & 2 men at 8 kettles.
4 men cut & supply cane to keep

8 kettles going. ^{leaves}
Each arroba of sugar & 6 litros
molasses for making Aguardiente.

Panela gives no molasses. —

20 litros molasses gives 15 litros
Aguardiente

Moscos about Tuxtla own up to 2 or 300.

They get \$3-a month with a house
calmudes corn 1/2 almond beans
No salt. His tools & land to plant
corn. —

At Ocuilapa a torra in bean
patches for clearing is 30x50 varas

At Ocuilapa they plant
 1000 Coffee trees, & 1000 a part, on
 100 varas square. To clean this
 needs 7 men a day, ~~at the day~~.
 Holes are made 12x12 in or 12 deep.
 100 are made as a tana in a day.
 It will take 10 men a day to plant
 1000 trees when holes are ready -
 needs 4 to 5 cleanings a year.
